**Suggestions on what to bring with you for your African Hunting Safari**

- Neutral colour hunting clothing or camouflage - (3 X sets should be enough)  
**Note: Camouflage not allowed outside South Africa**
- Casual camp wears
- Raincoat
- Hunting hat or cap
- Sunglasses
- Comfortable hunting boots (preferably 2 pairs)
- Warm jacket or sweater
- Toiletries
- Personal medication
- Odourless sunscreen with a minimum SPF of 20
- Binoculars (preferably 8 x 40/42 or 10 x 40/42)
- Camera and camcorders, remember to bring enough film and recharge equipment
- Rifles and ammunitions, or bow and arrows
- Rifles can be rented from outfitter on request
- Advisable to read "The Perfect Shot", Author Kevin Robertson or view his DVD

**Suggested Hunting Rifles and Calibres**

For plains game hunting any rifle in the .30 calibre range fitted with a scope should be adequate for all hunting conditions.

If you intend to hunt dangerous game a minimum calibre of .375 is required by law. The maximum allowed rounds of ammunitions per calibre in the country are 200.

The most important thing is for you to be comfortable with your rifle and to spend some time at the shooting range before the hunting safari.

Firearms are imported on a temporary permit called the [SAP 520](#), we will assist you to fill out the form correctly and it can also be downloaded from the website. There are no costs involved for this permit.

Small Game	40 lb	400 grain
Medium Game	70 lb	550 grain
Dangerous Game	80 lb	700 grain
